JULES SELTZER ASSOCIATES

Jules Seltzer Associates has grown from its humble beginning in 1937 to a design dealership known throughout the world. Jules Seltzer Associates is a recipient of the West Hollywood Chamber of Commerce Creative Business Award and the International Interior Design Assn. Lifetime Achievement Award. Jules Seltzer Associates also has the distinction of being the oldest continuously operating Herman Miller dealership in the world.

Furniture designer Herman Miller has made Fortune magazine's Most Admired Companies in the World and 100 Best Companies to Work For lists and was included on Fast Company magazine's Fast 50 list of the world's most innovative companies. Only six companies in the world have been on all three lists, so it is considered quite a testament to that company's business prowess, integrity and product design.

The people at Jules Seltzer Associates credit their customers for the company's longevity, citing them as the inspiration to provide the best furniture designs for home, commercial and public spaces. The showroom hours are 9 a.m. to 5 p.m. on weekdays and 11 a.m. to 5 p.m. on Saturday.

TOTO

Guinevere, Toto's newest high-design water-saving toilet, takes its inspiration from traditional American furniture. The skirted bowl is supported by a distinctive column adorned with vertical detailing and gently notched angles that resonate in the tank's lid, giving the overall design a pleasing coherence. The tank supports a generous lid that has been molded into a shelf, creating newfound space for toiletries, tissue or other bathroom necessities.

This elegant one-piece toilet is Universal Height — Toto's ergonomic, comfortable-height design that facilitates rising from a sitting to standing position, making it easy to use for everyone in the family.

Guinevere features Toto's 1.28-gallons-per-flush Double Cyclone Flushing System, which couples the power of gravity with centrifugal force to clear the bowl first time, every time.

ICON INTERIORS AND GALLERY

Entrepreneur Stacey Dunaux wanted to create more than an ordinary furniture store when opening her dream retail furniture showroom, Icon Interiors. She wanted to create an extension of her own home.

In addition to the latest collections carried at Icon Interiors, Dunaux has recently expanded to the showroom's adjacent space — named Icon Gallery.

The current exhibit features artwork by Bernard Dunaux, who happens to be Stacey Dunaux's husband. She had showcased her husband's artwork in the Icon showroom with success and decided a dedicated gallery space along the Avenues would also be well-received. That has proven to be so, she said.

With the addition of the gallery, Icon's services are now all-encompassing: Icon offers furniture for indoors and outdoors, office furnishings, lighting and artwork.

Bernard Dunaux's current exhibit features an array of contemporary, abstract works. His art, included in many private exhibits, has received the juried competition prize from Artslant Abstract and will be published in the fourth edition of "Contemporary Masters." Working primarily in oil and/or acrylic on canvas, Bernard Dunaux has shown an unwillingness to adhere to any one school of thought. His work has been called refined and refreshingly contemporary, yet strikingly classic.

Icon Interiors also offers contract services.
